EXPERIENCE THE DIFFERENCE.

Letter from the Owner

For over 60 years Tipton has been providing clean textiles to business. I have had the opportunity to be with the company for as long as I can remember first as a son and now as the owner.

After my father returned from World War II, as a fighter pilot, he started what is known today as Tipton Linen and Custom Matting. My father and I have spent our lives building this business but have never forgotten our roots of maintaining top level service and quality to our customer. Because all decisions are made locally, we can design programs to meet your company's individual needs.

We are also committed to **100% customer satisfaction and we guarantee it!**

Not only do we stand behind our service, we also pay close attention to the needs of our environment. We continue to seek better detergent methods and processes to reduce our company's environmental impact.

Because our products are reusable our customers also have the added benefit of saving a piece of the environment, instead of filling our landfills.

Our Custom Matting is available in any size or color with your company's logo or message. This will, of course, be maintained by Tipton, so you know it will always be clean and in top safe condition.

I am pleased that you are interested in finding out more about Tipton Linen and Custom Matting. We look forward to working with you in the future!

Best Wishes,

Tom Tipton
